8 INFORMATION

What is this consent for?

This Consent Form authorises the Department and the State to use the Individual’s personal information and copyright material, together with information about the Individual’s participation in Departmental and State initiatives, for the purposes specified in the Project Details section of the Consent Form. This consent covers the entire or partial use of the Individual’s personal information and copyright material in conjunction with other words and images.

For example, the Individual’s personal information and copyright material may appear in school or TAFE newsletters, magazines, websites and other school, TAFE, Departmental or State publications, as well as in television advertising, videos, brochures, forms, public relations displays, annual reports, press advertising, internal documents such as manuals, websites, certificates and strategic plans, and posters and other promotional material. There may also be occasions on which the Department may approve the media, such as local newspapers and television stations, using information and copyright material in relation to the Individual (for example, where the Individual is involved in dramatic or musical performances, sporting activities or award ceremonies).

What is copyright material?

An Individual’s copyright material may include written work (e.g. stories and poems), paintings, pictures, drawings, designs, photographs, videos, films, music, performance, recordings, computer programs, websites, sculptures, fashion, metal or wood works made by them or to which they contributed. In the case of students, it includes, but is not limited to, work that they create in the course of their studies during the time they are enrolled at a State school. These materials may form part of their academic assessment or be part of their studies generally and may attract copyright.

The Department understands that students and volunteers generally own the intellectual property rights in the material they create and that this Consent Form is not meant to transfer the Individual’s ownership of the intellectual property in their copyright material.

This Consent Form does not provide for copyright consent in relation to copyright works an Individual creates in the course of employment (whether or not the material is created in normal work hours or using departmental facilities or equipment). Where copyright material is created by a State employee while performing their duties under the terms of their employment, the Copyright is owned by the State as the employer (section 35 Copyright Act 1968). There are limited exceptions to this including, for example, where the copyright material is created by an employee pursuant to a prior agreement with the employer.

Generally, the deciding factor is whether the employee is performing their official duties. In addition, section 176 of the Copyright Act 1968 applies where the work was created by or under the direction or control of the State. However, moral rights may still apply to copyright material created by an employee. The Queensland Public Sector Intellectual Property Guidelines provide further information on Intellectual Property. If as an employee you have any further queries about the ownership of the intellectual property in respect of the works you create you should contact the Legal & Administrative Law Branch.

Any existing material will not be withdrawn from use if the Department or the State is currently using the material or where the Department or the State has entered into contractual obligations in relation to this material. In such cases the withdrawal will be effective after the Department or the State’s use is complete or after the contractual obligations come to an end.
