This program will be used to produce the Regional Trial Program of Events.

Please contact the regional school sport office immediately upon receipt of this notice to provide the name and contact details of the person who is responsible for collating and forwarding the district’s nominations. The Sport Office will send that person the Nomination file to be completed and returned.

ATHLETE NUMBERS:
All runners will be allocated an individual competitor number based on the district nominations. A list showing the number of each runner will be sent to the team manager before 3rd June.

Prior to the commencement of competition district team managers will be given stickers showing each individual competitor number as per the district nomination list to be worn by the athlete on their singlet to assist at recording.

COURSE:
A course orientation will be done at the Trials prior to the start of competition.

OFFICIALS:
Each District must be supervised by a team manager.
Each district must also supply 3 course officials (TRS provided) who will be needed for the safe running of the event. Send the name, school and email address of the 3 Officials plus the Team Manager when sending the Nominations.

The Sunshine Coast Region School Sport Office will pay the TRS direct to each Primary School Official’s school upon receipt of an invoice. However, Districts are still required to nominate their Officials.

These Course Officials will be required for the entire Program.

Once all names have been received, Course Officials will be contacted using the email address supplied with the District Nominations to advise their job for the day. It is the responsibility of any Official unable to attend to arrange their replacement.

If your district has a regional team official they have already been allocated official responsibilities.

Schools / Districts who have concerns that the menu does not meet tuckshop healthy eating requirement may choose to advise their students to bring lunch from home.
