## **GENERAL TRIAL INFORMATION**

Parents are advised that the Department of Education, Training and the Arts does not have Personal Accident Insurance cover for students. Education Queensland has public liability cover for all approved school activities and provides compensation for students injured at school / school events only when the Department is negligent. If this is not the case, then all costs associated with the injury are the responsibility of the parent or caregiver. It is a personal decision for parents as to the type and level of private insurance they arrange to cover students for any accidental injury that may occur.

### **COVID Guidelines for attendance at the trial**

As per COVID requirements parents are to provide their name, mobile and email address in order for their child to attend the district trial. Parent information for the COVID register needs to be completed using the QR code on the district trial notice. Parents MUST register prior to the trial via the QR Code. Student CANNOT register via this code.

As you are aware, with the current 'Covid-Normal' status we are in, one of the requirements is to maintain an attendance register for attendees at public events – including our trial. This attendance register will contain personal contact information [Student Date of Birth, School Name, Parent email] that can be used for COVID-19 contact tracing purposes if required.

The details will be recorded on the attendance register beside your child's name and will only be passed onto public health unit if required for COVID-19 tracing purposes. This team attendance register will be stored at the regional sport office for the mandatory 56-day period. In line with this request, please read the privacy statement below provided by the Department of Education.

### **Privacy Statement**
