

**Queensland School Sport**

**10-12 years Track and Field  
Multi-class Information  
(incl. Qualifying Standards)**

**Updated 19/07/2023**

QUEENSLAND GOVERNMENT

# This document **must** be read in conjunction with the QSSMG Competition Procedures.

This document has been prepared utilising information from the Athletics Australia Website on 13/07/2023. Baseline Data is current from September 2021. If this information changes prior to state championships in October 2023, updates may occur at that time and will be communicated through Regional School Sport Officers.

*This document is to be used by Districts and Regions to select students through to state championships.*

## **Timed Finals**

All multi-class track events will be conducted as timed finals.

## **Starting**

Refer to starting information provided in Competition Procedures, including regarding starting blocks, crouch starts and disqualification.

Consideration will be given to athletes competing in a multi-class events in relation to starting blocks and crouch starts. Multi-class team managers accompanying athletes should ensure that the Track Referee is aware of any required dispensation as the athletes enter the start area.

## **Field Events**

In field events for athletes competing in a multi-class event all athletes will compete in three rounds of competition only. As per competition procedures, warm-up implement throws will be completed at the event site.

## **Implement Weights – multi-class events**

Athletes in a multi class event will throw the shot put or discus weight applicable for their classification and age group as per the table below. Throwing implements for the championships will be provided by the organising committee.

Please note: where boys and girls in a classification group throw different weights, the weight for the girls' implement is indicated in (brackets).

Classification	10 years		11 years		12 years	
	Shot Put	Discus	Shot Put	Discus	Shot Put	Discus
F01	2 kg	500 g	2 kg	750 g	3 kg	750 g
F11-13	2 kg	500 g	2 kg	750 g	3 kg	750 g
F20	2 kg	500 g	2 kg	750 g	3 kg	750 g
F II3	2kg	500g	2kg	750g	3kg	750g

### **Equipment**

Equipment specific to an individual athlete competing in a specific classification (including, but not limited to a frame runner, seated throwing frame, guide-runner tether, etc.) is to be provided by the athlete. This equipment will need to be checked and approved by having a regional manager approach the multi-class convenor in the TIC at least 90 minutes prior to the commencement of the event. This timeframe may be extended, dependent on staffing and venue requirements.

### **Assistance to Athletes**

#### *Team Officials on the Field of Play*

All team officials supporting athletes competing in multi-class events must wear a high-visibility vest at all times while on the field of play. All guides who are not regional team officials must also wear a high-visibility vest at all times, and follow all directions given by event officials whilst on field of play.

#### *Assistance – General (local rule adapted from IPC Rule 7)*

IPC Athletics recognises the additional support needs of athletes with a hearing impairment, and is keen to encourage and facilitate their participation in competition. In cases where deaf-blind athletes are competing in an event the technical delegate shall have the authority to make appropriate modification to these rules as may be necessary to facilitate the effective participation of those deaf-blind athletes. In principle, no rule modification that disadvantages any other athlete will be allowed.

- (i) If the athlete is competing under the T01 classification, they must remove their hearing aids prior to competing.
- (ii) Athletes competing under a classification other than T01 classification may wear their hearing aids if audiological information is provided that states that hearing aids are required.

## *IPC Rule 7: Assistance to Athletes (World Athletics Rule 144)*

### Assistance – Track and Road Events

1. Guide-runners for athletes in sport classes T11-12 shall be permitted and shall not therefore be considered assistance or pacing. The local organising committee shall provide distinctive vests to identify guide-runners.
2. When a T11-12 athlete starts the event with a guide-runner, the athlete and guide-runner(s) must both finish the event with bona fide effort in accord with these rules for the performance to be recognised.
3. Athletes are encouraged to provide their own guide-runner(s). However, at IPC (see Chapter 1.1) competitions the organisers should provide an appropriate guide-runner if the athlete's National Paralympic Committee has requested such assistance and followed the associated "request for a guide-runner" requirements of the local organising committee. This request must be completed in writing one (1) week prior to championships to the multi-class convenor.
4. The method of guidance for athletes permitted to use a guide-runner is the choice of the athlete. The athlete may use an elbow lead or a tether. In addition, the athlete may receive verbal instruction from the guide-runner. The guide-runner must complete his task while running (or walking) and is not allowed to use a bicycle or other mechanical means of transport.

*Note (i): The tether shall be made from non-elastic material and must not store energy and/or offer a performance gain to the athlete.*

*Note (ii): For races of 800m or longer the guide-runner shall remain no more than one full stride length ahead of his accompanying athlete.*

5. The guide-runner is not allowed to push, pull or otherwise propel athletes in order to gain an advantage at any stage during a race.

*Note: Sling shooting is regarded as a technique whereby the guide-runner deliberately hurls his arm (attached to the athlete) forward in order to exert propulsion towards the athlete's running direction. Such a technique is not permitted at any stage during a race.*

6. Some athletes in sports classes T20-21, T35-38 and T42-47 may require their starting blocks to be set for them by the starter's assistant or a regional team official. This request must be completed in writing one (1) week prior to championships to the multi-class convenor.

### Assistance – Field Events

7. Athletes in sport classes F31-33 and F51-54 will be permitted a guide who can assist the athlete and the officials to ensure the athlete transfers safely to and from the throwing frame, and assist athletes to strap themselves to their throwing frame.

*Note: Strapping must be only to the frame with non-elastic material.*

8. The guide must move to the designated safe officials area during the competition and must follow any directives from officials of the event while they are in the competition area. A guide who is not a regional official must leave the competition area.
9. For athletes in sport classes F11 and F12 a guide may bring athletes to the throwing circle or javelin runway. The guide may assist the athlete by orientating them with the throwing circle or on the javelin runway before each attempt. The guide must leave the throwing circle or javelin runway before each attempt begins. Acoustic orientation is permitted before, during and after each attempt. Athletes may only be guided from the throwing circle or javelin runway after the officials have determined whether or not the attempt was a valid one.

*Note: If the official in charge of the event decides that a guide who is providing acoustic orientation is in an unsafe location then the official has the right to require the guide to move.*

10. For athletes in sports class T11 acoustic assistance is permitted during long jump. However, no visual

modification to the existing facility is permitted. In events where acoustic assistance is being used complete silence shall be requested from spectators.

11. During jump events athletes in sports classes T11 may be accompanied onto the field of play by two persons to: a) Act as a caller to provide acoustic orientation during the approach run in high jump, long jump and triple jump, and/or; b) Act as a guide to assist the athlete by positioning and orientating him on the runway before each attempt. Acoustic orientation is permitted before, during and after each attempt. Athletes may only receive guidance other than acoustic orientation from after the officials have determined whether or not the attempt was a valid one. During throwing events athletes in sport class F11 can be accompanied onto the field of play by one person only to act as caller and/or guide.

12. For athletes in sports class T/F12 visual modification of the existing facility is permitted during field events (i.e., paint, chalk, powder, cones, flags, etc.) at the discretion of the technical delegate. Acoustic signals may also be used.

13. In sports class T/F12 only one person can accompany an athlete onto the field of play to act as caller and/or guide for jumping and throwing events.

*Note: The caller must stand in a position that does not hinder the officials. The caller must not run along-side or behind the athlete during a trial.*

14. In field events, the guides/callers shall not conduct other than permitted under IPC Rule 7.14- 7.20. If the official in charge of the event decides that a guide/caller is in breach of these rules (e.g. coaching in competition area), the athlete and his accompanying guide/caller shall be warned by the referee and advised that, if there is any repetition, the athlete will be disqualified from that event subject to Rule 8.

15. Some athletes in sports classes T/F20-21, T/F35-38 and T/F42-47 may require their runway markers to be at a pre-set distance from the take-off board. In this case, prior to the competition, the markers shall be set with assistance from a field judge or team official.

**If different or additional assistance (from stated above) is required for an athlete to successfully compete at the state championships, please provide the request in writing to the multi-class convenor at least one (1) week prior to the championship event.**

### **T/F113 Athletes**

T/F113 athletes will have their classification confirmed using the Sport Inclusion Australia Master List for I13 (Autism). This classification is not currently recognised by Athletics Australia, and no baseline data is available, however nominations will be accepted utilising the T/F20 baseline data and implement weights as a guide. These athletes are eligible for medals, however will not be eligible for selection in the Queensland team for 2023 in this classification.

**\*T/F II3 - classification is not currently recognised by Athletics Australia, no baseline data is available, however nominations will be accepted utilising the T/F20 baseline data as a guide. These athletes are eligible for medals, however would not be eligible for selection in the Queensland team for 2023 in this classification.**
